What They Think About Our Plants!

Seattle, Wash.

"Your firm in my opinion is one of the most reliable in the country. My *President Hoover* Rose which I purchased from you last fall had several blooms and it was a great joy to many. The blooms are most exquisite and I plan always to have some of this variety."

Fremont, Mich.

"I have intended to write you about the two roses I purchased from you last year. They were such nice bushes when they came and started right in to grow and the *President Hoover* was almost 4 ft. tall in the fall. They blossomed all summer and did better than any bushes I ever received even at big prices."

* * * * *

Portland, Oregon.

"I have been going to write you for a long time to tell you how well the plants received from you last year did. *Mrs. Herbert Hoover* I like very much, has given many lovely fragrant red roses for cutting and are so lasting. I am very fond of it. *Autumn* was the most outstanding new rose in the garden last year, and I am sure has a great future. *President Hoover* will be good always, it is so easy to grow, heavy bloomer and lovely foliage; it is being widely planted out here."

* * * * *

Plainfield, N. J.

"I have always had such wonderful success with your roses and I want to place an order for more this spring."

Vandergrift, Pa.

"I wish to express to you my appreciation for the fine rose plants you sent in my hundred lot order. They came in good condition, and good sturdy plants and are budding out already, though planted less than a week ago."

To Carry Plants Through The Winter

We recommend the following simple method: before the ground is frozen too hard, usually about the middle of November, procure some rough straw or litter, or branches of evergreens, or dried leaves and put around the lower parts of plants, to a height of about one foot. Cover this with a little soil to prevent the wind from blowing it away. In the Spring remove this and cut away the wood killed by frost, giving a mulching of well-rotted manure.

We are closed for business all day Sunday
